PRINCIPAL'S DESK

Dear Students,

'In oneself lies the whole world and if you know how to look and learn, the door is there and the key is in your hand. Nobody on earth can give you either the key or the door to open, except yourself'.

Jiddu Krishnamurti

Every child has a strength and we at SRMPS believe in giving opportunities which will make them explore and express themselves with confidence. We are determined to teach our young minds to look and learn for they are the key, the path and the source to success. Let's together provide a platform to these young minds with progressive mind-set for they make their life.

VICE PRINCIPAL'S CORNER

Dear Students,

Carpe Diem!

The best way to learn is through experience and our school gives ample opportunities for you all to 'learn by doing'. Make use of every opportunity that comes your way, be it a class project, a part in the morning assembly, a weekly competition, an activity for the month, contributions to the newsletter or performance in the exams – grab every opportunity, prove to yourself that you can and you'll be surprised at how much and how well you can perform! Seize the day my little friends! Spread joy and happiness! Be confident and courageous! Love freely! Learn, absorb, explore, invent, discover, collaborate, contribute, participate, engage, and you'll see this beautiful world blossoming around you. All the best to all of you!

World Environment Day

World Environment day is celebrated every year 5th June. The United Nations established in 1972 to mark the opening of Stockholm conference on Human environment. World Environment Day (WED) is hosted every year by a different city and celebrated with an international exhibition through the week of June 5. World Environment day is used to encourage the United Nations awareness of the environment and to garner political attention and public action.

The first time political, social and economic problems of the global environment were discussed at great length in view of taking some definitive action.

World environment day is celebrated in many ways. Street rallies, parades, and various other means. Street plays create awareness about world environment. In many cities conduct contests like poster contest, Poetry, essay contests, Slogan contests and debates etc. to celebrate this event grandly.

The main objective always is to get the people involved with the environment. Some cities have art exhibition with art made from recycled materials. Some get celebrities to endorse the campaign. Banners are put all across the street promoting the message of world environment Day.

Tree planting drives are also held in some cities. Awards are given out to those who have made a significant effort to take care of the environment.
