OF THE STUDENTS, FOR THE STUDENTS, BY THE STUDENTS

## MANGAIYAR THARAGAI AWARDS 2026 CELEBRATING WOMEN OF INSPIRATION AND IMPACT

SRM Public School proudly hosted the prestigious Mangaiyar Tharagai Awards 2026 at the T.P. Ganesan Auditorium, SRM University Campus, Kattankulathur, in a grand celebration dedicated to honouring extraordinary women whose contributions have made a meaningful impact on society.

The event was a memorable occasion that highlighted the values of leadership, resilience, service, and empowerment. It brought together students, educators, parents, and distinguished guests to recognise and celebrate women who have excelled in their respective fields and continue to inspire the community through their dedication and achievements.

This year, six remarkable women were honoured for their exceptional service and outstanding accomplishments in diverse areas such as education, healthcare, law, social service, and environmental advocacy.

The esteemed awardees were: Dr. Sheela Unnikrishnan, Dr. Martha Grisilda Rengasami (Giri), Dr. Lakshmi Bharathi, Dr. Vijayalakshmi Arumainayagam, Mrs. Rehana Khan, Ms. Thaaragai Arathana

Each awardee was recognised for her unwavering commitment, inspiring journey, and valuable contribution to society. Their stories of perseverance, compassion, and leadership served as a powerful reminder of the role women play in shaping a stronger and more progressive world.

The ceremony was not only a platform to honour excellence but also an enriching experience for the students, who had the opportunity to witness and learn from the lives of these accomplished women. Their achievements stood as shining examples of what can be accomplished through passion, determination, and a deep sense of purpose.

The Mangaiyar Tharagai Awards 2026 was a truly inspiring celebration that reinforced the importance of recognising and appreciating women who lead with courage, uplift communities, and create lasting change.

Through this meaningful initiative, SRM Public School once again reaffirmed its commitment to nurturing values, celebrating excellence, and inspiring the next generation to dream big, serve society, and become changemakers of tomorrow.

## LITTLE STEPS TODAY, BIG DREAMS TOMORROW!

With hearts full of pride and joy, SRMPS Happy Tots celebrated Kindergarten Graduation Day on 19th March, 2026, marking a beautiful milestone in the lives of our little learners. The event was filled with happiness, excitement, and a sense of accomplishment as our young graduates took their first step towards a bright and promising future. Dressed in their graduation attire and glowing with confidence, the tiny graduates stole everyone's hearts as they proudly received their graduation certificates. The certificates were presented by our respected Correspondent, Mr. M. Subramanian, who congratulated the children and appreciated their early learning journey. Adding warmth and meaning to the occasion, our esteemed Advisor, Dr. K. R. Maalathi, addressed the gathering with inspiring thoughts on the importance of a joyful childhood and the vital role of parenting in nurturing young minds. Her words beautifully highlighted the need to create happy, supportive, and enriching environments where children can learn, grow, and blossom. The celebration was made even more memorable with cheerful smiles, proud parents, and emotional moments that reflected the love and care shared throughout the kindergarten years. It was a day of celebration not only for the children, but also for the teachers and parents who have lovingly guided them every step of the way.

As we bid farewell to our adorable little graduates, we send them forward with our heartfelt blessings and best wishes. May they continue to learn with curiosity, dream with confidence, and grow with kindness.

Little steps today will surely lead to big dreams tomorrow – and we are excited to watch our tiny stars spread their wings and soar high into a future filled with endless possibilities.

## CELEBRATING EXCELLENCE IN SPELL BEE!

We extend our heartfelt congratulations to all the students who have won Certificates and Medals in the Spell Bee International Level 3 Competition. Their outstanding performance, dedication, and love for language have brought great pride to the school.

We are delighted to share that these young achievers have successfully qualified for the International Level 4 Round, marking yet another significant milestone in their academic journey. Their achievement reflects not only their hard work and perseverance, but also their enthusiasm for learning and striving for excellence. This accomplishment is truly commendable, and we are immensely proud of each one of them.

## EMPOWERING EDUCATORS THROUGH EFFECTIVE CLASSROOM STRATEGIES

Teachers handling the primary classes participated in an enriching and insightful professional development session on “Strategies to Use in the Classroom” conducted by Ms. Vijayalakshmi, an eminent educationist, on 28 March 2026. The session proved to be highly engaging and informative, offering teachers a wide range of practical strategies to make classroom teaching more effective, interactive, and learner-centered.

Ms. Vijayalakshmi emphasized the importance of adopting innovative teaching methods that cater to the diverse learning needs of young children. She highlighted the effective use of visual aids, activity-based learning, inclusive classroom practices, and purposeful questioning techniques to create a stimulating and supportive learning environment. The session also provided valuable inputs on teaching core subjects such as Mathematics and English in a simple, meaningful, and child-friendly manner.

A key takeaway from the session was the understanding that language is best acquired naturally through meaningful exposure, interaction, and usage rather than through mechanical drills or rote methods. The resource person encouraged teachers to create opportunities for children to listen, speak, read, and express themselves freely in order to develop confidence and fluency.

The session was highly appreciated by the teachers, as it offered both theoretical insights and practical classroom applications. It served as a valuable learning experience, inspiring educators to reflect on their teaching practices and adopt more engaging, inclusive, and effective strategies in their classrooms.

## ONE MORE FEATHER IN THE CAP OF SRMPS

SRM Public School is proud to celebrate the achievement of our Grade 8 students – Madeeha Fathima, Eepsitha Senapuri, and Bavadharini – whose innovative project EcoVend, an AI-powered Reverse Vending Machine, secured Second Prize at InnoChamp 2026.

Designed to intelligently detect and verify plastic bottles, the system rewards users for responsible recycling and promotes sustainable living through the smart use of technology.

EcoVend is a shining example of how our young SRMPians are using innovation to create meaningful solutions for real-world environmental challenges.
